DRUMS & HARDWARE

## FOREWORD BY WILLIAM F. LUDWIG III

100 years of Ludwig Drums. It seems so surreal to me, but then it's always been a part of my life. As I look back, I find it hard to believe that so much has changed and yet so much has remained the same. My grandfather, William F. Ludwig Sr., started this company to make new and innovative equipment for himself -an active, gigging drummer. He always insisted on the best raw materials to make top-quality products, but more importantly, he insisted on quality people to make percussion instruments that SOUND the way he wanted HIS drums to sound!

My father carried that commitment forward and as one that got to see it all and be part of it behind-the-scenes, I can safely say that anything that bore our family name had to be something a drummer could play with pride.

As the saying goes, the musicians have changed, but the song remains the same. As we move into Ludwig's second century, I am amazed at the lengths that Ludwig continues to go in upholding my family's commitment to the highest standards in the percussion industry. As you will see in the pages of this catalog, Ludwig is celebrating this important milestone in the history of percussion in grand style. The 3-ply concepts established in the company's infancy are taken to new heights with Legacy Exotic, commemorative pieces like the Gold Triumphant and Black Beauty are crafted more exquisitely than ever and the "Ludwig Sound" is enlarged even further with new horizons in shell technology.

We are a family of drummers dedicated to serving the needs of every player. As the torch is passed to the next generation, our Legacy rolls forward with my family's ideals intact. Today's Ludwig Team is totally committed to maintaining the standards my family set to establish Ludwig as the first name in quality and performance.

Now, as we celebrate this unique moment in drum history, I hope you will join me in saluting our tradition of excellence.

BE A LEGEND. JOIN THE FAMILY.

*William Ludwig III*

# LEGACY EXOTIC

## SERIES DRUMS

TOMORROW'S VINTAGE, TODAY.

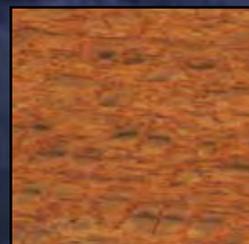

**SHELL:** Exotic Veneer over 1/32" Maple Outer Ply, 1/8" American Poplar Core Ply, 1/16" Maple Inner Ply, 1/8" Solid Maple Reinforcement Rings.

After locating several felled logs from across the globe, three exotic hardwoods made the final cut for their visual elegance and tonal contribution to the Legacy shell:

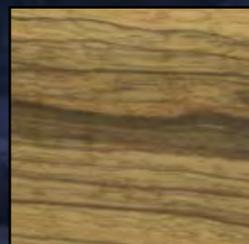

**Sumauma** - A dark Amazon hardwood with a deep horizontal grain and marbled textural figuring to compliment its complex visual variation.

Finishes include Redburst, Supernatural (natural wood with a hint of dark at each end), Natural Gloss and Black/Natural Burst.

**Lacewood** - A lighter Australian hardwood with a complex, shifting quilted nature. The heavy grain in Lacewood is likened to fish scales, in that it appears to "move" when light catches it.

Finishes include Natural Gloss, Natural/Green "Gator-fade", Honeyburst and Deep Mahogany/Red-Natural Burst.

**Black Limba** - The most complex of the Legacy veneers, African Black Limba's vertical grain is offset by its vibrant diagonal quilting pattern.

Finish options include Natural/Mahogany Burst, Gloss Natural, Yellow-to-Red "Tequilla Sunrise", and Deep Red Reverse-Burst.

The stunning appearance of these inaugural Legacy Exotic kits will be enhanced with the addition of the 100th Anniversary badge on all kits manufactured in 2009. Available in an expanded array of Legacy component sizes and in limited supply, Legacy Exotic is the perfect addition to Ludwig's illustrious vintage tradition.

## SERIES DRUMS

A TRUE AMERICAN CLASSIC

*SHELL: Vintage-style wrap over 1/16" Maple Outer Ply, 1/8" American Poplar Core Ply, 1/16" Maple Inner Ply, 1/4" Solid Maple Reinforcement Rings.*

Incorporating many of the same methods used throughout Ludwig's long and illustrious history, the exclusive Legacy Classic shells are made from choice cuts of hand-selected North American hardwoods. A core ply of premium Poplar yields warmth and resonance while cross-laminated inner and outer plies of Maple deliver power and clarity. This proven design is then augmented with 1/4" single-ply Maple reinforcement hoops and rounded classic-cut bearing edges for thundering lows and pronounced articulation, suitable for any musical style.

Not merely a blast from the past, Legacy drums take full advantage of state-of-the-art manufacturing techniques with rigorous attention to detail. The Legacy Classic Series are now available in expanded sizes and finish options for the consummate professional.

Tradition, Craftsmanship and Visionary Excellence; these are the values at the center of Ludwig's classic legacy. With these values comes a commitment as true as the care and pride that goes into each drum, hand-crafted at Ludwig's manufacturing facility in Monroe, North Carolina.

Combining the benefits of today's most advanced manufacturing processes with the experience that comes with a century of drum making, Ludwig's Legacy Classic Series revive the distinctive sound of the world's most famous drums. These custom-built American-made drums are a modern interpretation of the legendary Ludwig shells that set the standard for popular music throughout the 20th Century.

Liverpool 4: 3-ply Maple/Poplar/Maple, 1-ply Reinforcement rings, Original Black Oyster Pearl Finish

February 9, 1964. Black Oyster Pearl had been available as a Ludwig finish before this date, but a well-televised performance by a certain band from Liverpool made it a phenomenon. In the spirit of the original "Ringo Kit", Ludwig is proud to present the Liverpool 4 in Original Black Oyster Pearl finish. The Liverpool 4 has the configuration and 3-ply shell heard most on the timeless recordings of yesterday. It's the first Legacy kit to feature standard-sized Classic lugs and our new Rail Console tom mount. The first 100 sets will feature Ludwig's 100th Anniversary badge on each drum, making them another benchmark in the classic Ludwig timeline.

## Stainless Steel: .5mm Stainless Steel in Two Finish Options

The 1970's were a time of great innovation at Ludwig's Damen Ave. facility. True to Ludwig's tradition of innovation, Stainless Steel kits were forged for unprecedented volume, sustain, and power in heavy music. Ludwig's new Anniversary Edition Stainless Steel Pro Beat outfit is a true testament to our timeless roots. Only 100 kits will be made available, all of them hand-rolled and tooled by Drumsmith Ronn Dunnett. The first 50 feature a polished stainless steel finish and brass hardware; the second 50 with a brushed stainless steel finish and chrome hardware. This ultra-thin stainless shell and bearing edge of each drum create a tone of such enormity that they simply have to be experienced to be believed.

## CLASSIC MAPLE SHELL CONSTRUCTION

Proudly made in Monroe, North Carolina, Ludwig takes great care in selecting only the finest quality materials for Classic Maple drums.

This process starts with select North American maple. The maple is cut into panels. The outside panel is 1.8 mm thick, two ply, cross laminated maple. Cross lamination is the process in which the panels are made of two glued plies of wood, with the grain direction of one ply at 90 degrees in relation to the grain direction of the adjacent ply. The outside grain runs circumferential with the shell.

The center panel is 2.4 mm thick, three ply, cross laminated maple. The middle ply runs circumferential with the shell and the outer plies are at 90 degrees. The inside panel is 1.8 mm thick, two ply, cross laminated maple. The inside grain runs circumferential with the shell. This gives the 7-ply shells a total thickness of 6 mm.

The bearing edges are cut to a 45 degree angle within 1/16" from the outside edge. The sharp edges are rounded by light sanding for a smooth even surface. This process results in what is the unmistakable signature Ludwig sound.

# EPIC X-OVER

SERIES DRUMS

## EPIC X-OVER SERIES FINISHES

Purple Passion (PP)

Natural/Blackburst (NB)

The hallmark of the Ludwig sound has always begun with the shell. As we enter the 101st year of our manufacturing history, Ludwig returns to its roots by experimenting with multiple-wood shell compositions for new horizons in tonal variety. The result is Epic, a new series of drums crafted for every player from the gigging workhorse to the seasoned pro.

**SHELL:** Walnut Inner/Outer, Poplar Core, 3-ply Birch Reinforcement Rings

American Walnut is known not only for its dark color and grain, but also for its deep tonality and warmth. The new Epic X-Over expands on darker overtones by employing a Poplar core to an inner and outer Walnut shell. 3-ply Birch reinforcement rings are added for extra definition and focus, resulting in a sound that speaks in the lower register with power and clarity. Optional 7.5x10" rack toms and 13x14" floor toms are available to further expand the tonal range of three configured shell packs. Three new finish options create a stunning look.

Epic X-Over Arena kit (LRX24AX) in Redburst (RB)\*

Features: 20x24" virgin kick drum, a 6.5x14" snare, 8x12" tom and 16x16" floor tom (Shown with optional 13x14" floor tom)

Features: 14x18" kick drum w/new Rail Console tom holder, 5x14" snare, 8x12" tom and 14x14" floor tom

Segmented inner shell creates a unique tone never before heard.

Jazzette Kit features unique bass drum lift for better sound.

**SHELL:** Walnut/Maple/Walnut Inner and Outer, Poplar Core, 3-ply Birch Reinforcement Rings

Segmented shell crafting is an exciting concept that incorporates the dark quality of Walnut inner/outer plies fused with the warmth of North American Maple inner/outer plies to create a whole new tonal as well as visual experience. This magic combination combined with 3-ply Birch reinforcement rings and Poplar core plies results in a sound and look that is unparalleled in drum making. The perfect balance between rumbling lows and sparkling highs is achieved with the Epic X-Over Striped Series. Available only in a natural gloss finish and three classic Ludwig configurations, X-Over Striped is simply the best of all worlds.

SERIES DRUMS

Taking the focused cutting tone of Birch and fusing it with the warmer qualities of Maple, Epic Series drums produce a wet and powerful sound. Epic's new ultra-thin 6-ply shell vibrates at an even rate, sculpting a rich balance between subtlety and pure sonic force. 2.5mm snare hoops (2mm on toms), new Classic Keystone low-mass lugs and Vintage Bronze hardware augment four classic high-gloss finishes for a unique look and feel. In addition to three 6/4/5\* set-ups offered during our Anniversary year, Epic also features two classic 4-piece shell packs. All of the exciting innovations of the Epic Series place these drums truly at home in the Ludwig Legacy.

Epic Modular: All Birch, 7-pc. Shell Pack

Any drum set can be flexible in its set-up, but how many kits can be so flexible that they are completely different every time? Epic Modular fits the bill, coming standard with two rack toms, two floor toms and two 8x20" kick drums that connect together for one massive sound.

Played separately as a double bass set, Epic Modular's twin kick drums have just the right amount of punch, while their shallow depth makes faster rebounds a reality.

Arranging the included rack and floor toms in a myriad of patterns creates multiple creative set-ups for gigging drummers. The drums can also be configured into two separate kits for small club performance or for interactive teaching.

\*For a limited time, qualifying Epic, Element Lacquer and Element Series 5-piece drum sets will include an additional tom at no extra cost. Offer subject to change without notice, pricing and participation may vary, see [www.ludwig-drums.com](http://www.ludwig-drums.com) for details.

**INTRODUCING THE BUN E. CARLOS SIGNATURE SNARE DRUM**

**OF ALL THE SNARES IN HIS COLLECTION...  
HE CHOSE THIS ONE.**

Few know Ludwig drums like Cheap Trick drummer Bun E. Carlos. A noted Ludwig collector and connoisseur since 1966, Bun E. has played Ludwig drums of every kind on Platinum albums and endless sold out tours.

For his new signature snare drum, Bun E. chose his favorite elements from his snare archives and combined them in one exclusive model. Beginning with a 3-ply Legacy shell for tone, Bun E. chose 8 Classic lugs, triple flanged hoops, Millennium strainer and a Glass Glitter Citrus Mod finish. This drum carries a signature sound as unique as the player whose name is on it. Limited to 100 pieces, each drum is numbered and signed by Bun E. himself.

# Ludwig Black Beauty SNARE DRUMS

One of the primary reasons Ludwig is “the most famous name on drums” is the legendary Black Beauty Snare Drum. The brass shell is constructed of a single sheet of brass that is machine drawn and spun into a seamless beaded drum, then black nickel plated with a beautifully exquisite finish. The shell provides a warm, round metallic tone.

With any of the three strainer options of P85 Supra-Phonic, P86 Millennium or P70 Super-Sensitive strainers, the Black Beauty responds with excellent sensitivity at all volumes. Choose from Imperial or tube lugs, die cast or triple-flanged hoops and a smooth or hand hammered shell. The 70 year tradition of the Ludwig Black Beauty carries on as the ultimate snare drum in the industry.

### Classic Maple Snare Drums

### 900 SERIES HARDWARE

Ludwig's 900 Series hardware presents a full line of road ready stands to equip the gigging drummer with versatility and stability. 900 Series hardware offers functions such as the disappearing cymbal boom arm of the LM935BCS stand and the smooth action and flexible spur leg of our LM918HH Pro Float hi-hat stand. Snare drum positioning is a breeze with the low-profile, nylon ball positioning system of our LM922SSL snare stand.

Featuring nylon inner linings for smooth operation, the Ludwig Collar Clamp for stress-free height positioning and triple chrome plating, 900 Series Modular Hardware is made to stand up to the challenge of the road.

The LM918HH Pro Float stand features a smooth floating action pedal mechanism with six possible tension adjustments. The cam lever system allows for easy pedal action. The additional spur leg can be positioned on either side of the stand, or removed completely. The Pro Float stand is also equipped with a Velcro-lined rock plate for added stability.
